

SAFETY DATA SHEET

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Trade name or designation

DVVconfirm® 5; DVVconfirm® 10

of the mixture

Registration number

Synonyms None. **Product code** 815, 815L

01-December-2017 Issue date

02 Version number

14-July-2017 **Revision date** Supersedes date 10-July-2015

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses DVVconfirm® is used to confirm the presence of LA in plasma which tested positive using

D\/\/test®

Use in accordance with supplier's recommendations. Uses advised against

1.3. Details of the supplier of the safety data sheet

Corporate Headquarters BioMedica Diagnostics Inc.

94 Wentworth Road, PO Box 1030

Windsor, Nova Scotia CANADA B0N 2T0

Corporate Phone: 1-902-798-5105 **Contact person**

Corporate Fax: 1-902-798-1025 Email: info@biomedicadiagnostics.com Website: www.biomedicadiagnostics.com

1.4. Emergency telephone

number

US, Canada, Puerto Rico & Virgin Islands 1-800-255-3924

International +1-813-248-0585

Australia 1-300-954-583 Brazil 0-800-591-6042 China 400-120-0751 India 000-800-100-4086 Mexico 01-800-099-0731

Contract number MIS9591327

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

The mixture has been assessed and/or tested for its physical, health and environmental hazards and the following classification applies.

Classification according to Regulation (EC) No 1272/2008 as amended

Health hazards

Skin corrosion/irritation Category 2 H315 - Causes skin irritation. Serious eye damage/eye irritation Category 1 H318 - Causes serious eye

damage.

H360 - May damage fertility or the Reproductive toxicity Category 1B

unborn child.

Environmental hazards

DVVconfirm® 5 : DVVconfirm® 10

Hazardous to the aquatic environment, Category 3 H412 - Harmful to aquatic life with

long-term aquatic hazard long lasting effects.

Hazard summary Contact with acid liberates toxic gas. Causes serious eye damage. May damage fertility or the

unborn child. Causes skin irritation. Dangerous for the environment if discharged into

watercourses.

2.2. Label elements

Label according to Regulation (EC) No. 1272/2008 as amended

Imidazole Contains:

927031 Version #: 02 Revision date: 14-July-2017 Issue date: 01-December-2017

Hazard pictograms

Signal word Danger

Hazard statements

Causes skin irritation. H315 Causes serious eye damage. H318

May damage fertility or the unborn child. H360 Harmful to aquatic life with long lasting effects. H412

Precautionary statements

Prevention

Obtain special instructions before use. P201

Do not handle until all safety precautions have been read and understood. P202

Wash thoroughly after handling. P264 Avoid release to the environment. P273

Wear protective gloves/protective clothing/eye protection/face protection. P280

Response

IF ON SKIN: Wash with plenty of water. P302 + P352

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present P305 + P351 + P338

and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.

P310 If skin irritation occurs: Get medical advice/attention. P332 + P313 Take off contaminated clothing and wash it before reuse. P362 + P364 P308 + P313 IF exposed or concerned: Get medical advice/attention.

Storage

Store locked up. P405

Disposal

Dispose of contents/container in accordance with local/regional/national/international regulations. P501

Supplemental label information EUH032 - Contact with acids liberates very toxic gas.

2.3. Other hazards Contact with acids liberates toxic gas. Not a PBT or vPvB substance or mixture.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

General information

Chemical name		%	CAS-No. / EC No.	REACH Registration No.	INDEX No.	Notes
Sodium chloride		25 - 30	7647-14-5 231-598-3	01-2119485491-33-XXXX	-

List of abbreviations and symbols that may be used above

DSD: Directive 67/548/EEC.

CLP: Regulation No. 1272/2008.

#: This substance has been assigned Community workplace exposure limit(s).

SDS UK DVVconfirm® 5; DVVconfirm® 10

Composition comments

The full text for all R- and H-phrases is displayed in section 16. All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

SECTION 4: First aid measures

General information

Ensure that medical personnel are aware of the material(s) involved, and take precautions to

protect themselves.

4.1. Description of first aid measures

Inhalation

Ingestion

Move to fresh air. If breathing is difficult, give oxygen. Get medical attention if any discomfort

occurs.

Skin contact

Wash skin thoroughly with soap and water. Get medical attention if irritation develops and persists.

Eye contact

Flush eyes thoroughly with water for at least 15 minutes. Remove contact lenses, if present and

easy to do. Continue rinsing. Get medical attention immediately.

4.2. Most important symptoms

and effects, both acute and delayed

Rinse mouth thoroughly if dust is ingested. Get medical attention if symptoms occur. Severe eye irritation. Ingestion may cause irritation and malaise. Symptoms include itching,

burning, redness and tearing. Causes skin irritation.

4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. Symptoms may be delayed.

SECTION 5: Firefighting measures

General fire hazards

Will burn if involved in a fire.

Suitable extinguishing

media

5.1. Extinguishing media

Extinguish with water spray, carbon dioxide, dry chemical or material appropriate for the

surrounding fire.

Unsuitable extinguishing

media

None known.

5.2. Special hazards arising from the substance or mixture Fire will generate toxic and irritating gases. When heated to decomposition, may produce

hydrazoic acid fumes.

5.3. Advice for firefighters

Special protective equipment for firefighters

Selection of respiratory protection for firefighting: follow the general fire precautions indicated in the workplace. Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Special fire fighting procedures

Use standard firefighting procedures and consider the hazards of other involved materials.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Avoid dust formation. Keep unnecessary personnel away. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.

For emergency responders

Use personal protection as recommended in section 8 of the SDS.

6.2. Environmental precautions

Do not allow to enter drains, sewers or watercourses. This mixture contains a small amount of sodium azide which can react with copper, lead, brass or solder in plumbing systems and form potentially explosive metal azides. Follow proper disposal procedures.

6.3. Methods and material for containment and cleaning up Sweep up or vacuum up spillage and collect in suitable container for disposal. Dispose of waste in accordance with all applicable federal, state, local and provincial environmental regulations, per Section 13.

6.4. Reference to other

sections

For personal protection, see section 8 of the SDS. For waste disposal, see section 13 of the SDS.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Avoid inhalation of dust. Avoid contact with skin and eyes. Provide appropriate exhaust ventilation at places where dust is formed. Wash thoroughly after handling. Observe good industrial hygiene practices.

7.2. Conditions for safe storage, including any

Store at 2-8°C (35-46°F). Store in a closed container away from incompatible materials.

incompatibilities 7.3. Specific end use(s)

DVVconfirm® is used to confirm the presence of LA in plasma which tested positive using DVVtest®.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

DVVconfirm® 5: DVVconfirm® 10 SDS UK

Occupational exposure limits

UK. EH40 Workplace Exposure Limits (WELs)

Not available.

Exposure guidelines

UK EH40 WEL: Skin designation

Sodium azide (CAS 26628-22-8) Can be absorbed through the skin.

8.2. Exposure controls

Appropriate engineering controls

Observe occupational exposure limits and minimise the risk of inhalation of dust and fumes.

Individual protection measures, such as personal protective equipment

General information Personal protective equipment should be chosen according to the CEN standards and in

discussion with the supplier of the personal protective equipment.

Eye/face protection Wear approved safety glasses or goggles.

Skin protection

Wear appropriate chemical resistant gloves. Wear protective gloves. - Hand protection Wear protective gloves. Remove contaminated clothing promptly. - Other

Respiratory protection In case of inadequate ventilation or risk of inhalation of dust, use suitable respiratory equipment

with particle filter.

Thermal hazards Wear appropriate thermal protective clothing, when necessary.

Hygiene measures Handle in accordance with good industrial hygiene and safety practices.

Environmental exposure

controls

Inform appropriate managerial or supervisory personnel of all environmental releases.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

White powder. **Appearance**

Solid. Physical state Powder. **Form** Colour White. None. Odour

Not available. **Odour threshold** Not available. Melting point/freezing point Not available. Not available. Initial boiling point and boiling

range

Not available. **Bioconcentration factor (BCF)** No data available. 12.4. Mobility in soil

The product is soluble in water. Mobility in general

12.5. Results of PBT

and vPvB assessment Not a PBT or vPvB substance or mixture.

No data available. 12.6. Other adverse effects

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Residual waste Dispose in accordance with all applicable regulations.

Contaminated packaging Empty containers should be taken to an approved waste handling site for recycling or disposal.

The Waste code should be assigned in discussion between the user, the producer and the waste **EU** waste code

disposal company.

Disposal methods/information Collect and reclaim or dispose in sealed containers at licensed waste disposal site. This

preparation contains a small amount of sodium azide which can react with copper, lead, brass or solder in plumbing systems and form potentially explosive metal azides. If preparation enters drain,

flush with a large volume of water to prevent azide build-up.

SECTION 14: Transport information

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulations

Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex I and II, as amended

Not listed.

Regulation (EC) No. 850/2004 On persistent organic pollutants, Annex I as amended

Not listed.

Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex I, part 1 as amended Not listed.

Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex I, part 2 as amended Not listed.

Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex I, part 3 as amended Not listed.

Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex V as amended Not listed.

Regulation (EC) No. 166/2006 Annex II Pollutant Release and Transfer Registry, as amended

Not listed.

Regulation (EC) No. 1907/2006, REACH Article 59(10) Candidate List as currently published by ECHA Not listed.

Authorisations

Regulation (EC) No. 1907/2006, REACH Annex XIV Substances subject to authorization, as amended

Not listed

Restrictions on use

Regulation (EC) No. 1907/2006, REACH Annex XVII Substances subject to restriction on marketing and use as amended Not listed.

Directive 2004/37/EC: on the protection of workers from the risks related to exposure to carcinogens and mutagens at work, as amended

Not listed.

Directive 92/85/EEC: on the safety and health of pregnant workers and workers who have recently given birth or are breastfeeding, as amended

Not listed.

Other EU regulations

Directive 2012/18/EU on major accident hazards involving dangerous substances

Sodium azide (CAS 26628-22-8)

Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

Calcium chloride, dihydrate (CAS 10035-04-8)

Sodium azide (CAS 26628-22-8)

Directive 94/33/EC on the protection of young people at work

Sodium azide (CAS 26628-22-8)

Other regulations This Safety Data Sheet complies with the requirements of Regulation (EC) No 1907/2006. The

product is classified and labelled in accordance with Regulation (EC) 1272/2008 (CLP Regulation)

as amended and respective national laws implementing EC directives.

Young people under 18 years old are not allowed to work with this product according to the EU

Directive 94/33/EC on the protection of young people at work.

National regulations The product has been classified according to the legislation in force.

15.2. Chemical safety

assessment

No Chemical Safety Assessment has been carried out.

SECTION 16: Other information

List of abbreviations

DNEL: Derived No-Effect Level.

PNEC: Predicted No-Effect Concentration.

LD50: Lethal Dose, 50%.
